

JOIN OUR TEAM

SOFTWARE DEVELOPER

Pushing the limits of technology has made USNR the premier global producer of wood processing equipment. Ongoing employee training and technological upgrades ensure USNR is at the forefront of the industry. We actively seek talented individuals to help continue our tradition of innovation and market leadership.

USNR is looking for talented, self-motivated individuals to join our Automated Lumber Grading and Lumber Handling product teams at our Salmon Arm and Parksville, BC locations.

RESPONSIBILITIES

Software developers at USNR work on program features for products that are of an increased technical complexity, and work within project schedules and budgets. USNR software developers are able to handle complex development issues independently, and as members of a team.

- ▶ Gathers development specifications to ensure their full range of responsibilities and project requirements are understood prior to beginning a task.
- ▶ Develops features from design through to completion.
- ▶ Manages their own personal schedule including accurately estimating how long work will take to complete, and prioritizing their workload.
- ▶ Provides support for legacy systems including troubleshooting and resolving issues.
- ▶ Follows prescribed coding standards and methodologies.
- ▶ When updating code or working on existing projects, reads the existing code and considers the implications to the broader project when making changes.
- ▶ Completes required documentation and participates in code reviews.
- ▶ Completes unit level quality assurance and resolves defect tracking issues independently.

REQUIREMENTS

- ▶ A minimum of two years development experience is preferred
- ▶ Intermediate level skills with C, C++ or similar programming languages
- ▶ Proficiency with SQL databases is an asset
- ▶ Sawmill industry experience is a definite asset
- ▶ Diploma or degree in one of the following areas: technology, computer science or engineering

USNR offers an excellent team-oriented working environment with comprehensive benefit programs. Please submit resume in confidence to:
